**BOOK LIST (SESSION - 2026-27)**  
**STD II**

To attain the goals of Foundational Literacy and Numeracy, it is important to expose the children to books. It will also facilitate the promotion of wide spread reading. Books enable the students to learn optimally.

The school believes in the practice of weightless bags.

Hence, a set of books is procured by the school and kept in the school for children`s use.

It is important to sensitize the children about the importance of the environment. Hence the EVS book has been introduced **which is purely suggestive**. It is entirely dependent on the discretion of the parents to purchase it or not.
